

Watercolor Cross Craft Instructions

Supplies:

- White crayons
- Paintbrushes
- Watercolors
- Cross PDF
- Clear tape (alternative)

Instructions

1. Download and print cross PDFs.
2. Pass papers out to kids and instruct them to use the white crayon to color inside the cross. (As an alternative, you can use tape. Instruct kids to stick strips of the clear tape onto the cross.)
3. Direct kids to paint all over the entire paper and then place the papers in a safe place to dry. The white crayon or tape should keep the watercolor from showing up on the cross. (If you used tape, remove it once the papers have dried.)
4. Celebrate that He is risen!
