

# American Flag Egg Carton Craft

## Supplies:

- empty egg carton
- red, white, & blue paint
- paintbrushes
- white paper
- scissors
- pencil
- optional: glue or tape

## Instructions:

- 1.** We will be painting on the bottom of the carton, so you'll want to flip your empty egg carton upside down.
- 2.** Starting in the top left corner of the egg carton, use a paintbrush to paint a blue rectangle shape.
- 3.** Once you've painted your rectangle, use another brush to start painting red stripes on the rest of the egg carton. You'll want to alternate red and white stripes until the carton is covered.
- 4.** Using a pencil, trace out small stars on the piece of white paper.
- 5.** Cut out the stars and place them on the blue portion of the egg carton flag. You can secure the stars with tape or glue if desired.
