

VBS VOLUNTEER RECRUITMENT SELFIE FRAME

Supplies: a piece of cardboard (the size used here is 19" x 27" but other sizes will work as well), a marker, sticker paper (optional), paint, and a paint brush.

On a piece of cardboard, draw a line 3.5" from the top, 2" from each side, and 5.5" from the bottom.

Print the templates on sticker paper (or use regular paper and glue).

On the logo page, cut out around the semi-circle, place the shape at the top of the board and trace around it.

I SAID YES
TO VBS

Now, cut out the logo and the letters from the templates.

Here is what the final traced semi-circle and cut out logo and letters should look like.

Using the guides, cut out the center of your board then paint it a color of your choice.

Once the paint is dry, stick or glue on the graphics you cut out.

Display at your volunteer recruitment booth and have volunteers strike their best pose!
